

Memorial Garden Dedication Form

Thank you for choosing to honor a loved one by dedicating an engraved stone in the Memorial Garden at Trinity. This garden is a part of the Mary Walker Trust beautification project. Our hope is that it provides a natural space for reflection, prayer, meditation, and a means of honoring the memories of loved ones.

Two different paver sizes are available, and each paver has a minimum suggested donation amount. These donated funds will support a portion of the Trustees' maintenance budget. All donations will go directly to this purpose so that we can effectively care for our grounds and be good stewards of your donations.
